

The Bible speaks of the Holy Spirit as not only the spirit of the truth but also the spirit of prophecy. It is well known that Scripture contains a mass of information relative to the future return of Jesus Christ to this earth to establish the Messianic Kingdom. Such information is a "foretelling" of those stupendous events which will lead up to the greatest event in human history, the reappearance of Jesus in the glory of his Kingdom.

Christians cannot afford to ignore the matter of Jesus' return. Scripture is full of information about the "end-time." Jesus himself exhorted his followers to study the prophecies and to watch events in the world. This will enable believers to be ready for the great event. Meanwhile they should be sharing their insights with others in preparation for the coming of the Kingdom.

Jim Mattison brings together from various parts of the Bible what we need to know about the future and how we can prepare for it. He presents his material in a straightforward and well organized manner. His work inspires confidence in God's revealed prophecies and hope for the future of mankind in the Kingdom of God to be established in a renewed earth. This book makes a significant contribution to the preaching of the Christian Gospel of the Kingdom.
